

**The Wesley Foundation at APSU** is a campus ministry that seeks to help college age students:

- **Grow in Faith**
- **Build Community**
- **Transform the World**

**We're SO excited to be back on campus a couple years post-covid, and we're working this semester to get our name out there again!**

By connecting students with our Director (Rev. Mary Kate Myers) and inviting them to join us at every opportunity as we build momentum (and our community of faith), we're prayerful that students who have not yet found their "home" at APSU will do so with us at *The Wesley*.

***The Wesley*** is...

- A community that encourages folks to come exactly. as. you. are.
- A community where food, fun, and fellowship are nonnegotiables.
- A community that doesn't have all the answers, but is committed to exploring our questions together.
- A community where **everyone** is welcome and wanted.
- A community where we wholeheartedly believe **everyone** is beloved by God.

- A community committed to authenticity, hospitality, and transparency.
- A community that believes service is a key component of our faith.

## Wondering what we're up to?? Well, look no further!

Come see us, introduce yourself, sit a spell, whatever.

You already know everybody's welcome wherever we are (and that there will always be snacks). So, why not stop on by and say hey? :)
